Injectables and Dermal Fillers

Ethos Wellness Center's injectable menu offers a wide array of FDA approved products to address not only the wrinkles themselves, but the muscles that cause lines and furrows to form. We recommend a "combination" approach, as our phenomenal results have shown that using neuro-blockers (Botox, Xeomin) in conjunction with fillers can lead to longer-lasting, face-lift type rejuvenating results.

Our certified Injectables specialists can treat:

Wrinkles around the eyes (crow's feet)

Forehead and chine creases

Corners of the mouth

Glabellar (frown) lines

Lines around nose and mouth

(marionette lines, smile lines, and parentheses)

Sunken cheeks or temples

Vertical lip lines (smoker's lines)

Lip plumping

Facial symmetry

Collagen loss

Excessive perspiration (Hyperhidrosis)

<i>Arms</i>	<i>Flank</i>
<i>Thighs</i>	<i>Abdomen</i>

Laser Hair Removal

Laser hair removal is a convenient method for permanently reducing or removing unwanted facial or body hair. It leaves your skin looking and feeling smoother and silkier than waxing, electrolysis or shaving. We can treat large and small areas effectively with minimal discomfort and with no downtime. We are highly trained to operate the safest, most advanced laser equipment on the market; and developed best techniques to destroy all types of hair follicles for males and females with various skin complexions and hair color and density.

Our certified Laser Hair Removal specialists can treat:

<i>Abdominal Area</i>	<i>Chest and Back</i>
<i>Legs and Arms</i>	<i>Bikini and Brazilian</i>
<i>Facial Areas</i>	<i>Underarm</i>

Platelet Rich Plasma (PRP) Therapy

With PRP treatment our doctors use the healing powers of your own blood platelets to achieve dramatic results. We are capturing your body's own regenerative potential and placing it where it can provide the maximum anti-aging benefit.

Our certified PRP specialists can treat:

Hair Loss

Melasma

Facial Volume

Eyelids

Photoshop Facial

Aging Hand Restoration

Clients who wish to reduce the signs of aging on their hands and improve the tone and texture of skin are raving about Ethos hand rejuvenation treatments. Our approach includes peels, lasers, PRP and dermal fillers to erase brown spots, reduce wrinkling and prominent veins, as well as replace lost volume in your hands.

Fraxel Laser Resurfacing

Fraxel® Laser Skin Resurfacing is an FDA-approved fractional laser technology to help restore your skin to its original, smoother texture. Gradually, we can achieve fresher, younger looking skin, improved tone and texture, smaller pores, erasing of unwanted brown spots, fine lines, acne, as well as burn and surgical scars. We have years of experience in this revolutionary technology and hundreds of happy clients we've helped to remove years from appearance and rebuild confidence and beauty.

Skin Pen Microneedling

SkinPen's® cutting age, medical microneedling technology helps to improve damaged or aging skin and promote collagen remodeling by utilizing the body's healing response. SkinPen works by creating a series of delicate microscopic punctured channels into the dermis to stimulate the skin's natural production of new collagen and elastin, helping facial, neck, chest and back skin look and feel healthier. SkinPen® procedure is also beneficial in reducing and improving the appearance of stretch marks and acne scars.
